

Organic Whole Chicken Pre-order form

We've noted our turkeys and our Thanksgiving shares. Now it's time to highlight these chickens running around the farm. If you haven't heard, we are raising Cornish cross chickens organically, giving them lots of space to live, in which they supplement their diet as they choose with insects and plants. We process these birds here on the farm. Not only does this insure, for us, good processing practices, too, it reduces stress on the birds that would be caused by transport to an off-farm facility. The finished whole bird is vacuum packed and frozen. If your pick up date is within a day of processing, you may receive your birds re-fridgerated--simply freeze within 2 days. Preorder price is \$4/lb. You may order as many as you like, we just ask that you pay \$4 per bird as a deposit. You will receive an email notice of your order once we receive it, and again confirmation of pick-up/delivery day/time. Beginning Oct 4, delivery is available to CSA pick up sites through October 22. Please note your preferred date and location for pick up, and we will do our best to meet this. If you wish to get birds at a later date, on farm pick up is available through Nov. 23. If you have questions, don't hesitate to ask. contact@eatersguild.com or 269-427-0423

TO Order: Fill out the form below. Please note Location, day and date of pick up. Please submit with form \$4 per bird ordered—checks payable to eaters guild farm. Mail completed form and payment to:
